

Industry Apprenticeship Report

Name: Gohel Harsh

Enrollment. No.:1C2300204011003

Guided Name: Dr. Dikshan Shah

Internship Overview

- ❑ **Organization:** Sahana System Limited
- ❑ **Role:** AI/ML Data Annotation Intern
- ❑ Industry-oriented apprenticeship program
- ❑ **Academic Year:** 2025–2026

Introduction

- ❑ AI & ML systems depend on high-quality data
- ❑ Data annotation is the foundation of ML models
- ❑ Internship focused on real-world document annotation workflows

Internship Objectives

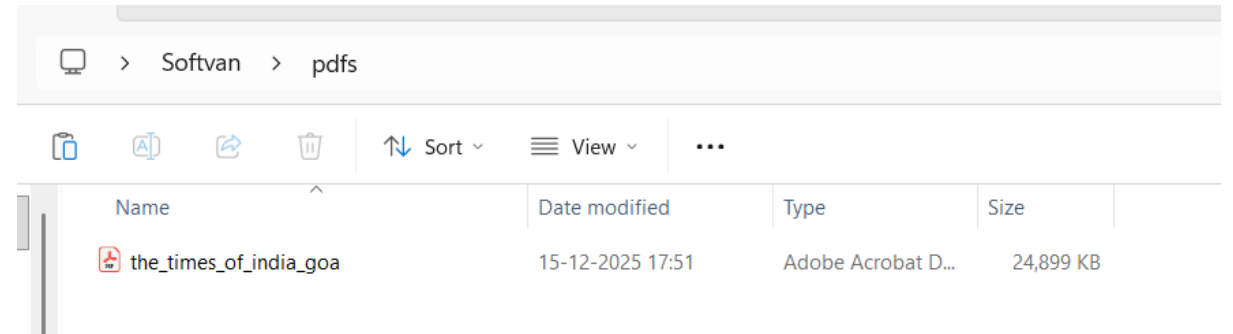

- ☐ Understand data annotation lifecycle
- ☐ Work with real industry datasets
- ☐ Learn professional AI tools and SOPs
- ☐ Improve technical and professional skills

Internship Role

- ☐ Downloading and managing raw data
- ☐ Uploading documents for annotation
- ☐ Manual data annotation
- ☐ Verification and quality checking

Managing Raw Data

- ❑ Handling raw PDF documents
- ❑ Quality and clarity checks
- ❑ Identifying missing or corrupted files
- ❑ Organizing data using folder structure

Uploading Documents

- ☐ Uploading PDFs to internal tools
- ☐ Converting PDFs to images
- ☐ Splitting multi-page documents
- ☐ Updating task status

Manual Data Annotation

- ❑ Drawing bounding boxes
- ❑ Labeling text, tables, headings, fields
- ❑ Document classification
- ❑ Following SOP guidelines

Annotation Verification

- ❑ Checking label accuracy
- ❑ Correcting annotation errors
- ❑ Removing overlaps
- ❑ Improving dataset quality

Using Roboflow

- ❑ Dataset management
- ❑ Manual & AI-assisted annotation
- ❑ Version control
- ❑ Exporting datasets (YOLO, COCO, CSV)

Tools & Technologies Used

- ☐ Roboflow
- ☐ Adobe Acrobat & PDF tools
- ☐ Python (basic automation)
- ☐ Google Drive, OneDrive

Skills Learned

Technical Skills

Data annotation workflow

Dataset preparation

Data verification

Soft Skills

Time management

Attention to detail

Team communication

Challenges Faced

- ☐ Low-quality documents
- ☐ Large data volumes
- ☐ Learning new tools
- ☐ Maintaining speed with accuracy

Conclusion

- ❑ Gained real-world AI/ML exposure
- ❑ Understood importance of data quality
- ❑ Improved technical and professional skills
- ❑ Strong foundation for future career

Thank you

-Gohel Harsh R
